### B. Y. C. OF LOGAN MAY TAKE TRIP

Games Have Been Arranged With Several North Western Teams.

Logan, Dec. 9.—Arrangements have practically been completed, according to reports tonight, whereby the Brigham Young college team will make a trip into the northwest to meet Idaho, Oregon and Washington basketball teams. The local stars have been working hard for the past few weeks with such an aim in sight and are expecting much out of the trip.

Thus far games have been arranged with the University of Washington at Pullman, Wash., the University of Idaho at Moscow, Idaho, and with the La Grande Y. M. C. A. team, of which Sylvan Peterson, former B. Y. C. star, is now coach. Arrangements have not yet been made with the University of Oregon team, but have practically been concluded with the Oregon Aggies. If the University of Oregon comes through with the date the trip will be made, according to Coach Jensen last night, who is the only Utah coach that has taken his team on extensive trips.

The last trip for the local team was to Chicago and through the middle eastern states in 1908, when it put up

### BRAVES MAY TRADE GOWDY, SERIES HERO

Hank Gowdy.

Rumor has it that Boston will exchange Hank Gowdy for Tom Clarke. There is only one thing to block any such deal: Boston, like Cincinnati, is right now short of catchers, and such a trade would leave both clubs just as shy on mask men as before.

a game fight for the championship of America. Although prospects for a winning team were rather dim at the start of

this year the boys are rounding to form in characteristic manner under the able work of Speedy Jensen and lots is expected of them.

Considerable interest in Logan is aroused in the Aggie camp, where the class series today brought a victory for the freshmen over the seniors. At the A. C. many stars have been developing of late. In addition to the veterans of last year, Coach Teetzel has Vories of Manti High school, McMullen, former A. C. student; Stoddard of Ogden, Peterson of the B. Y. C., who played center on the high school team and is a brother to Sylvan Peterson, the local team's star player; Walton of Springville, and Linquist, who played end on this year's football team.

### I. L. CLARK WINS IN FAST GAMES

(By Prexy).

One of the fastest league games ever bowled on the Glasmann Alleys was played last night between Buchmiller & Flowers and the I. L. Clark bowling teams. I. L. Clark setting a new league record for a single game, with 950. Although the Buchmiller & Flowers team defeated the I. L. Clark team in two of the three games, the high average was won by Captain Gregory of the Buchmiller & Flowers team, with 564, while Captain Ted Watkins of the I. L. Clark team bowled 211 for the high single game.

The score follows:

### HARBERTSON MAY TAKE ON EVANS

(By Prexy).

Jack Harbertson, the world's middleweight champion, will probably meet Walt Evans, the fast eastern wrestler, in the near future. Evans, who resides in Knoxville, Tenn., has a great record, having met men of great caliber. Some of these are Gotch, Hassen, Turner, Jordan, Walt Miller, Kartie and Isralinger.

Evans is a middleweight and is a hard man to beat, owing to his experience and strength. A telegram has been sent Evans and now the local promoters are awaiting his reply. If the match is a go, it will take place on the 21st of this month.

A representative of the Ogden wrestler left for Salt Lake this morning

to arrange a match between Yokel and Harbertson. Yokel arrived in Salt Lake and said he was ready to meet all comers, and Harbertson is the logical man for Yokel to meet. Yokel stated that he would meet the winner of the Harbertson-Turner go, and now Harbertson wants the match. It is doubtful if Yokel will take on such a strong opponent as Harbertson in his first battle.

### WANTS TO BUY CLEVELAND CLUB

Cleveland, Dec. 9.—A tentative offer for the purchase of the Cleveland American baseball club has been tendered the bankers committee in charge of the financial affairs of C. W. Somers, present owner, by Ben F. Hopkins, local capitalist.

Hopkins, who is promoting the Cleveland subway and is chairman of the committee appointed by Mayor Baker to look after the affairs of the Cleveland Amateur baseball association, declared tonight that the preliminary steps towards his gaining control of the Cleveland club have been taken. However, before control passes to him a number of important details must be settled. Hopkins insisted upon several radical changes in the terms of the sale as proposed by the bankers committee.

President Byron Bancroft Johnson of the American league, George Steele, representing the bankers committee and Owner Somers held several conferences today and tonight and it is intimated that the deal for the sale of the club, either to Hopkins or someone else, will be closed before Johnson leaves for Chicago tomorrow.

One of the hard knots which the prospective purchaser and the bankers committee will have to unravel is the status of the Cleveland American Association club, also owned by Somers. It has been declared for some time that the American association team will be shifted to Toledo, where

it originally was located, but whether it will be sold to Toledo capitalists or whether the league will operate the club, is not known. Just what will be done regarding the players on the American association team who are the property of the Cleveland American team is a problem yet unsolved. "The bankers committee will have to wrestle with the American association team problem," said Somers tonight. He as well as Johnson and Steele declined to discuss either the American league or American association club situations.

### THIRTEEN TEAMS STILL IN RACE

New York, Dec. 9.—At midnight, the ninety-sixth hour of the six-day bicycle race, thirteen teams were left in the grind.

Suter and Madonna and Ruddle-Russell and Vanderstuyft, who had lost several laps, were ordered off the track by the officials, as they were considered hopelessly out of the race.

Eleven teams were bunched in the lead at 1926 miles, eight laps, twenty-one miles and nine laps ahead of the record. Eaton and Madden, who had been penalized one lap for a faulty pickup, were still one lap behind, while Sullivan and Anderson were three laps in the rear.

The record at the ninety-sixth hour was 1904 miles, nine laps, made by Cameron and Kaiser in 1914.

### Mike Gibbons Has Bronchial Pneumonia

St. Paul, Dec. 9.—Mike Gibbons, who was to have fought Young Ahearn here tomorrow night, is suffering from bronchial pneumonia, according to his physicians, who today gave it as their opinion that Gibbons could not train for at least two weeks and would not be able to fight for at least thirty days.

As a result, the Gibbons-Ahearn

fight has been indefinitely postponed. It may be held late in January if Gibbons recovers rapidly.

### NEBRASKA'S COACH GOES TO INDIANA

Bloomington, Ind., Dec. 9.—E. O. Stiehm, who has been head football coach at the University of Nebraska for the past five years, tonight notified the athletic board of control of Indiana university that he had accepted their terms to become director of intercollegiate athletics and head football coach of the university. His contract is for three years.

Stiehm's contract with Nebraska does not expire until next September, but he will be in Bloomington to take charge of the spring football practice next March. Stiehm succeeds C. C. Childs, who has been coach at Indiana for the past two years.

### TURKS GAINING ON THE BRITISH

All British Sorties in Mesopotamia Repulsed With Heavy Losses—Allies Bombarding Fiercely at Dardanelles.

Constantinople, Dec. 10.—An official report given out here indicates that the Turks are steadily gaining the ascendancy in Mesopotamia and the British expedition following its long retreat from the vicinity of Bagdad is now offering less resistance.

The report follows: "Mesopotamian front: The enemy resistance is decreasing sensibly. Our troops repulsed all British sorties with heavy losses to the attackers. Six captured aeroplanes have been repaired and are being used against the enemy."

"Caucasian front: The enemy attacked our western detachment near Alash-Guerr, but was repulsed. Only

skirmishes occurred on the other portions of the front.

"Dardanelles front: Near Anafarta, hostile troops opened fire from the sea. Our artillery replied, scattered the transport ships and drove them on the shoals of Kemil-Bahr.

"Violent Bombarding by Allies. "Near Ari Burnu there was violent bombardment on our right wing. A hostile cruiser participated in the engagement. An iron clad monitor and a torpedo boat of the enemy opened fire. Our artillery replied and compelled the monitor to withdraw after being hit twice.

"In the vicinity of Seddul Bahr there was the customary artillery duel. A larger number of artillery torpedoes than usual was discharged against our left wing. Our artillery destroyed some munition depots of the enemy's artillery. Near Akabach we brought down a British aeroplane which was completely burned."

### Edison Diamond Disc?

In this perfected musical instrument, Mr. Edison has finally solved all the difficulties which have baffled others in the past. He has eliminated the harshness, the mechanical timbre, the metallic sound. So marvellously life-like is its tone, that, closing the eyes one can scarcely distinguish the reproduction from the original. In Mr. Edison's own words, "Real Music at Last."

### EAST HIGH TO PLAY AT AMERICAN FORK

Salt Lake, Dec. 10.—The first game of the season for the East High school team will be played tonight at American Fork against the fast southern champions. East High has a fast team and Coach Tommy Fitzpatrick is expecting to start the season out right by a victory in his first game. American Fork will have the advantage of longer training, the East Side warriors being handicapped because most of the basketball athletes were on the football team and were unable to put in basketball practice until the last few weeks.

Coach Fitzpatrick is expecting Lee Frouse and Rudine to do a lot of work, and it is probable he will use the latter at center. Rudine is a guard by nature, and a good one, but owing to the lack of tall men for the center position, the coach plans to shift his valuable defensive man to the middle of the floor, where he will probably play throughout the rest of the year.
